

Dear patients, families, and friends:

It is with bittersweet feelings that I announce my retirement from pediatric practice as I move onto a new phase in my life. My two great loves have been my own family and this practice. It is time for me to spend more time with my own family now that grandchildren are here and I am able to share in adventures with them. My plan is to retire in July 2021.

For over 25 years, I have had the great pleasure to be a pediatrician with Timber Lane Pediatrics and as such, part of your lives. You, my patients, have given me great joy and delight, I have also felt your concerns and frustrations. I hope I have been able to guide you through hard times and I know I rejoice in your accomplishments. Most importantly know that it has been an honor to share in your confidence.

I know that my wonderful fellow TLP pediatricians, physician assistant, nurse practitioners and dedicated staff will continue to provide excellent care for my patients. We will also be adding a new male pediatrician, Patrick Duff, to the South Burlington office as of this coming summer. I can move on knowing you all are in good hands.

Best of luck to you all

&

Cheers to new adventures,

Warmly,

Dr Barbara Kennedy
